NORMAL BASEBALL TEAM 'MAKING UP'

CONFERENCE 9 STRENGTHENED BY "LONNIE" ADAMS, PITCHER

WILL BEGIN INDOOR TRAINING NEXT WEEK

Gymnasium Work Will Precede Out of Doors Practice—New Men Try Out—Old Ones Return.

The Maryville Normal base ball team this season will be the best in the state school's history—that is the indication at present at least, and no less a personage or an authority than Coach Walter Hanson, himself, says so. And what is more he has the material already in hand with which it appears he can back up such a statement.

For "Lonnie" Adams of Mount Moriah (it can not be found on the map) a brother to that famous diamond expert, "Babe" Adams of the Pittsburg National enrolled today for the spring term at the Normal school, and will be a pitcher in the Normal team. It might be well right here to give "Lonnie's" "obituary" and a little more for the benefit of the city's bugs.

"Lonnie" is a right hander, with a long steady swing, just like his brother of the first magnitude in baseball. He is 19 years old, and looks like a comer to Coach Hanson and other local experts.

His Brother Trained Him.

"Babe," as all fans know well enough has been playing with the Pittsburg Nationals, and is one of their front row attractions. It was no other than he that scored so over the Detroit team several years ago when it was trying to get the world's series honors. "Babe," you remember, just stood there in the box and held their high average batters down to the grit, and won three games for his team.

"Babe" is now in Dawson Springs, Texas, training with the Pittsburg delegation for the coming season. He it is who is putting his younger brother "Lonnie" through the state school here. It was he too, who put Maryville's catch through some mighty fine baseball practice and training in the pitching art. He has made of "Lonnie" a rival of his in the twirling game.

Play Indoor Ball Soon.

Coach Hanson announced this morning, that he will probably start the Normal athletes, in indoor baseball in the Normal gymnasium next week, to better prepare them for the time when they can get the out-of-doors practice. Regulation base ball will be played in the gymnasium of course with some modification, but it will not be the usual indoor baseball.

It is the belief of Coach Hanson that he can begin outdoor work about a month hence, so that when the intercollegiate conference season opens here, April 23, with the Missouri Wesleyan team opposing, all will be well.

Besides "Lonnie" Adams on the pitching staff, Coach Hanson also will have Frank Ham of last season. So that in the box at least, the Normal team will be in good condition, it appears.

Eugene Bird, now teaching the Unity school near Hopkins, will return to the Normal as soon as his school term ends in April and will resume his place on third base probably.

The Old Ones Return.

Marion Dyer, a first baseman, who now is teaching a school at Agency, likewise will be among those present when the school ends and the baseball fever is once more upon us.

E. R. Adams, who was chosen captain of the Normal team last spring, will report at the Normal at the close of his school in McFall.

But "Dirty" Miller of the Normal team, will be among the absent ones it seems. He is now out in Colorado and according to all reports will remain there.

Earl Brittain, the center fielder, is at the Normal this term and will take up his usual peg on the baseball diamond. M. F. Wogan of Easton, is coming back, with a well developed physique, and prepared to either catch or pitch. Coach Hanson proclaims to the fans.

Some New Candidates.

Howard Leech, the basket ball artist will try-out this spring for a berth on the Normal baseball team, preferably

at short stop. And it looks as though he would make a good one for that difficult position.

Lee Scarlett, also a basket ball expert, who hails from Fairfax, but who has been here all season, likewise intends to try-out for a seat on the baseball wagon, preferably at first base.

Bragdon, who played on the Kirksville Normal team last season, intends to transfer his enrollment card to Maryville state school this season and will continue his antics on the base ball field. He has been here before.

Wiles, a Nodaway county product, also is going to try out for a place on the team. Several others are loitering around the sides of the baseball pool and may take a notion to join in the swim later.

So all in all, it looks mighty promising for a first place base ball team here this season.

CHRISTIAN RACE NEAR END

Men's Brotherhood Campaign For New Members Closes Tomorrow Noon.—Expect 200.

The membership campaign which was inaugurated by the Men's Brotherhood of the First Christian church recently, will close at noon tomorrow. It is believed about 200 new members will have been attained in this contest, several members having as high as twenty five to their individual credit.

The forty members of the brotherhood when the race began were divided equally into two teams, with Ellis G. Cook and G. B. Roseberry, captains. While each of the forty members are working individually for new members the totals of those in each of the two teams only will be considered to determine the winning side.

This will be done soon after the contest closes tomorrow by Fred P. Robinson, president of the brotherhood. The losing side must banquet the winners, losers and new members alike in the Christian endeavor rooms of the church, Friday night, March 26.

MORE SNOW STOPS TRAFFIC

Rural Carriers Find Country Roads Almost Impassable—Few Farmers Come to Town.

Traffic over the roads of Nodaway county, which has been reduced to a minimum for the last week or ten days on account of the muddy roads, was further retarded or almost stopped today, by the fall of a half-foot of snow last night and today. The snow is drifting badly in the roads, especially those extending north and south, and practically in the cuts or where a tall hedge lines the east sides.

Rural mail carriers out of the Maryville postoffice report the roads in an almost impassable condition on account of this drift. One carrier was compelled to abandon further progress and turn back after going three and one-half miles. Another was forced to return after going four miles over his route.

Few farmers are in the city today, and those that did venture in, live but a few miles away. They say the highways are in a worse condition now than they have been in for several years. The deep mud which has been so detrimental to traffic lately now has a strong ally in the drifted snow.

The wheat is looking fine however, or at least it was when last seen some time ago, the farmers report, so that cause for happiness and joyful anticipation is found in the country districts. But the inability of the rural folk to come to town is making trade fairly dull in the merchandise establishments of Maryville.

KANE HEADS NEW M. U. CLUB.

Maryville State Student Is Elected President of Magazine Association.

Charles E. Kane of Maryville, a student of the University of Missouri, has been elected president of the newly formed University of Missouri Students Magazine Association there. It has as its object, the publication of a student magazine.

Minnesota Visitor Leaves.

Mrs. Arthur Moore of Worthington, Minn., who had been visiting in this city with her parents, Mr. and Mrs. W. G. Gross, left Tuesday for her home.

Pays \$7,500 For 100 Acres.

Albert Stoner has bought the 100-acre farm of Mrs. Mary Richey, southwest of Hopkins, for \$75 an acre, according to the Hopkins Journal.

OBSERVE HEN DAY

POULTRY FANCIERS TO MEET TO PLAN FOR NEXT YEAR.

MAY GIVE MORE PRIZES

Northwest Missouri Association to Gather in Court House to Elect Officers and Discuss Show.

"Hen Day," which has been designated throughout Missouri for observance next Saturday, will be well remembered in Maryville on that day, according to plans now being made by officers and directors of the Northwest Missouri Poultry Association. A call has been sent out to the more than half-hundred members within the county, to gather in annual session in the circuit court room of the court house here, at 2 o'clock Saturday afternoon. At that meeting officers for the ensuing year will be elected, and plans discussed and probably some further action taken towards arranging for next fall's annual show of the association. Another discussion which will be brought up for consideration at that time, is in line with a suggestion made to all poultry associations in the state, by T. E. Quisenberry, director of the state poultry experiment station.

Would Bring Fanciers Together.

He has made plans, if finances can be procured, to hold five meetings with in the state sometime next spring or summer, to be attended by delegates from the various poultry associations. Plans for furthering the poultry industry in Missouri will be made at those sessions.

"If we are able to secure a liberal appropriation," says Mr. Quisenberry in a letter to local officers, "and the prospects are that we will, we want to do more for the poultry association of Missouri than we have ever done before. For that reason, we thought it advisable to call five meetings of representatives from poultry associations to meet with us and discuss points of interest and benefit to each show in the state.

"When the members of your association meet Saturday, we would like to have them elect representatives to these meetings. It might be well for the president and secretary to be sent or you may send as many representatives as you may choose. We hope to have the meeting well attended. The five meeting places will probably be Springfield, Kansas City, Kirksville, St. Louis and Sikeston.

"The representatives from your association could attend the meeting the closest to them.

To Discuss Show Betterment.

"The dates will be decided later, but will be soon after Missouri Hen Day. The object of the meeting is to discuss plans that will be of interest and benefit to your show and association. Most Missouri poultry associations have a hard time to get along. Some of the more important questions which will be discussed are as follows:

"Amount of special prizes that should be offered by the state at your show; how and on what varieties shall these be offered; what can the state put on in the way of educational exhibits that would be of greatest benefit to your show and your community; what can we do that would be of most benefit to you in the way of lectures or a poultry short course; should special prizes for boys and girls exhibits be offered; can we organize a boys and girls poultry club in connection with your association?

Discuss Federation.

"Shall we organize a federation of Missouri poultry shows; what do we do about getting uniform coops for each show; how can you improve the premium lists; how can the show be superintended or handled to the best interest of all; what new ideas can we incorporate into our present shows; is it best to have score card or comparison shows; what can you do to increase the attendance or can it be managed so you can throw open the doors to the public; what can we do about conflicting dates in the same section of the state?

"How much effort should be given to a good exhibit of eggs; how should the prizes be offered on same; what shall we do to insure a good display of Missouri poultry at the Panama-Pacific exposition; how can you increase the membership and interest in your own poultry association; should you have monthly meetings and how should the programs be conducted?"

Mrs. Braniger Improving
The condition of Mrs. R. S. Braniger, who has been very ill for several days was greatly improved today.

WILL QUIZ TUTORS

FIRST EXAMINATION SINCE AUGUST TO BE MARCH 5 AND 6.

NORMAL PUPILS TO TRY

Many State School Students Will Take County Teachers' Test for Certificates for 1915-1916 Term.

The examination of public school teachers of Nodaway county at the court house tomorrow and Saturday, will be the first held since last August, and will be the last until next June, according to County School Superintendent Bert Cooper. It is believed about 100 teachers will take the two days' quizzes, to be given under the supervision of Superintendent Cooper.

Examinations on eight studies will be given the first day and ten the second day. Many students of the State Normal school here will probably take this examination, that they may be in readiness to take some school next term, as the June examination would be too late in some instances for them to receive grading and still secure a school.

Who Must Take Quizzes.

In a notice sent a few days ago to Superintendent Cooper, Howard A. Gass, state school superintendent, quotes the regulations as follows:

The state law requires that applicants for first and second grade teachers' certificates who were not teaching prior to January 1, 1912, shall present evidence in 1915 and 1916 of "having completed two years' work of a classified or accredited high school or its equivalent."

The county superintendent shall require that written statements of the work done be filed. He has power also to require an examination on subjects on which other satisfactory evidence is not presented. Each applicant who has had any high school training will secure from the principal or superintendent of his high school a statement of his high school work. Each approved unit certified from an approved school will be given full credit.

Give Normal Study Full Credit.

The amount of credit that can be given a unit of work from an unclassified high school will vary. Seldom, if ever, should such units be given full credit. The amount of credit should usually vary from one-half to three-fourths of a unit for each unapproved unit. A student who has spent one year in an unclassified high school should be given credit for about three-fourths of an approved year; the same ratio should be used for any number of years.

Work done in normal school should have full credit. Work done in accredited academies and other standard private schools of high rank should be given full credit. High school work done in a one-room rural school should receive little or no credit, except by examination.

Any applicant who makes a grade of 70 per cent on the state examination questions on subjects required for first and second grade certificates will be given credit for high school work as follows: Algebra, 2 units; literature, 2 units, physical geography, 1 unit; biology, 1 unit; physics, 1 unit; ancient history, 1 unit; modern and mediaeval history, 1 unit; English history, 1 unit. Additional credit will be allowed for other high school subjects.

SNOWS 3 FEET IN 29 DAYS

Today's Fall Makes Total of 37½ Inches Since Initial One Nov. 13.

The snow fall today is the twenty-ninth since the initial snowy day of the season, November 13, 1914, according to a record kept by Cooper Gooden. This beats last season's record by several days. The winter season began late, however, this time, the records further show, as the first frost or freeze did not appear in Maryville until October 27.

The total fall so far this season, counting the fall last night and up to noon today at 5 inches, has been 37½ inches according to J. R. Brink, official government recorder.

The readings of temperature this morning showed a maximum temperature of 34 degrees yesterday and a minimum of 24 degrees last night.

Of the 37½ inch fall, 9½ inches fell in December, 16 inches in January, 7 inches in February and 5 inches so far in March.

DESTROY TURK BATTERIES

Allied Fleet Advances up Dardanelles—Village of Yenishar Is Burned. Special to Democrat-Forum.

London, March 4.—The Allied fleet has destroyed the Turkish batteries of Kilid Bahr and Banakale and have arrived near Dardanelles, according to a dispatch received here from the Mytilene and Tenedos Islands by way of Athens.

The Turkish village of Yenishahr on the Gallipoli coast, Asia, is reported destroyed by fire, following the shelling of that town by the Allies.

RUSS REOCCUPIES STANISLAW.

Bucharest Correspondent Says Czar's Troops Force Tatars From Galician City.

Special to the Democrat-Forum.
London, March 4.—The Russians have reoccupied Stanislaw in Galicia, after a stubborn fight with the German and Austrian forces, according to the Bucharest correspondent of the Morning Post.

DACIA CREW QUITS BREST.

Captain of Captured Steamer From U. S. Awaits Prize Court Decision. Special to Democrat-Forum.

London, March 4.—The crew of the steamer, Dacia, from the United States, which recently was captured and taken in charge by the French, left Brest today for Harve. The captain will remain until the decision of the prize court is announced.

BERNHARDT'S CONDITION WORSE.

Noted Actress Is In Critical State Following Operation at Bordeaux. By American Press.

Bordeaux, France, March 4.—Madame Sarah Bernhardt's condition is considered critical, according to her physicians, following the amputation of her left leg a few days ago.

ASKS \$15,000 HEART BALM

Oscar E. Sallee, Elmo, Alienated Affections of Jud B. Wren's Wife, Is Charged.

Oscar E. Sallee of Elmo, and defendant in several state liquor and gaming charges last fall, is defendant in a \$15,000 damage suit, filed in circuit court this afternoon by Jud B. Wren of Paola, in which Sallee is charged with having alienated the affections of Wren's wife. Wren asks for \$10,000 actual damages and \$5,000 punitive damages.

Wren, according to petition, married Mrs. Ethel Wren, May, 1898 and continued to live with her until last December, when she is said to have deserted him. She is now residing in the county. Wren, while still retaining Elmo as his home, is employed at Paola.

It is said the alienation resulted when Mrs. Wren came to Elmo last fall to visit friends and relatives, leaving Wren in Kansas.

Sallee was charged by the state on various counts of delivering liquor to a minor, ordering and storing intoxicating liquors, gaming and keeping a gambling house.

HOLDS FUNERAL RITES.

Services for D. S. Holmes at Residence This Afternoon

The funeral services for D. S. Holmes who died Tuesday morning, were held at 1:30 o'clock this afternoon at the family home, 501 West Second street, conducted by the Rev. Gilbert S. Cox, pastor of the First Methodist church. On account of the bad weather, the services were held at the home instead of the church as was first announced. The interment was made in Oak Hill cemetery.

Mrs. Charles Lazenby, of Humeston, Ia., who had been visiting at the home of her brothers, Dr. L. E. Dean of this city, and Dr. Charles Dean of Burlington Junction, has returned to her home.

CLARY TO 'BOSS' LINCOLN WORK

FORMER OFFICIAL TO ENGINEER TOWNSHIP ROAD IMPROVEMENT.

PAY TENTH OF POLK EXTRA BOND ISSUE

Township Board Makes First Payment 10 \$500 Notes For Highway Betterment—State Aids.

John H. Clary, until March 1, county highway engineer the last two years, was appointed engineer of special road improvement in Lincoln township by the Lincoln township board. A salary of \$150 a month, Clary to pay own expenses is provided. The appointment is effective as soon as work can be begun, which probably will not be before April 1.

The appointment was announced to the county court in person this morning by Grant Elrod, trustee, T. R. Livengood and N. I. Staples, comprising the board of that township. The selection was thereupon approved by the county court.

This action was taken because of the special road improvement bond issue of \$25,000 which the citizens of that township voted for last November. The bonds were sold here recently by Fred P. Robinson to a Chicago firm, though the Gillam-Jackson Loan and Trust Company of this city.

Need \$75,000 Resident Says.

There is a great amount of improvement work needed in that township, according to Mr. Elrod and E. T. Bailey of Elmo, a member of the county court. "We have voted but \$25,000 for needed improvements which would cost about \$75,000," said Mr. Bailey. "There are many small bridges and culverts altogether out or in bad order, while several new ones are needed badly."

A law passed two years ago by the state legislature provides that the state shall duplicate any amount a township or county might expend on permanent road or bridge improvement, but so far, this provision has been only partially lived up to.

Last year, Nodaway county received a total of \$3,079.52, from the state, as a result of that law. Of that amount \$2,234.38 went to Union township which had voted special road bonds of \$25,000 \$53.14 for improvement work on the John Moss road in Jackson township and the remaining \$742.00 for distribution over the county.

Pays Off \$5,000 of Bonds.

About the same amount, probably slightly more, is expected from the state this year. It will probably go to Union and Polk townships and the county, these two townships having voted special road improvement bonds about a year ago.

Another act relative to road matters by the township board this morning, was in the payment of \$5,000 of the \$50,000 bond issue, which Polk township voted more than a year ago. This payment was on the first ten notes, of \$500 each, to come due. A similar amount will be due next year. Virtually all of the Polk township issue has been expended, according to E. H. Bainum, trustee. Many new culverts and bridges were secured through it.

Treasury Fund Larger.

There was a balance of \$7,167,463.51 in the state treasury March 1. The balance February 1, was \$6,691,910.06.

THE WEATHER

Snow tonight and probably Friday. Not much change in temperature. Fresh to strong east to north winds.

NODAWAY CATTLE TO OREGON.

Western Stockman Buys Car of Short-horns—Choice Hereford Bull Included.

A car of thoroughbred Shorthorn cattle sold by Nodaway county breeders, was shipped from here yesterday afternoon by Frank Brown of Carlton, Ore., where he will unload them to stock his farm. He buys a load of eastern thoroughbreds each year. The stock was purchased from Bellows Brothers, Evans Brothers and Ogden & Son, Maryville and Barber & Son, Skidmore.

A choice Hereford bull, purchased from William Hutchison of Bolckow, was included in the shipment. It will be placed in the herd at the Oregon State Agricultural college.

VETERAN BUTLER EDITOR DEAD.
Was a Cousin of Mrs. Ed G. Orear of This City.

O. D. Austin of Butler, Mo., a cousin of Mrs. Ed G. Orear of this city, and probably the oldest editor in point of service in Missouri, died Tuesday at his home in Butler.

Mr. Austin was editor of the Bates County Record, published at Butler, and which he established in 1867. He was a native of Ohio and was clerk in the treasury department during the Civil war. He served as postmaster at Butler during the administrations of Hayes, Garfield and Harrison. Mr. Austin was present at the Ford theatre on the night Lincoln was shot.

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR

Try This! Hair Gets Thick, Glossy, Wavy and Beautiful at Once—Stops Falling Out.

Immediate.—Yes. Certain?—that's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use, when you see new hair—fine and downy at first—yes—but really new hair, growing all over the scalp. If you care for pretty, soft hair, and lots of it, surely get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and just try it.

SPECIAL SALE

Sample Wash Dresses On Sale Saturday, March 6th, 10 a. m.

The manufacturers season closes when the retailer's begin.

Our buyer on a recent trip to New York and Philadelphia visited a number of manufacturers of Ladies and Childrens Dresses and bought up their samples of this years new numbers. These are samples that were used in their show rooms and are all in first class condition and will be sold at about half their normal value.

MISSSES AND CHILDREN'S DRESSES

75c to \$1.25 values for **49c**

This lot embraces a big variety of latest styles in Misses and Children wash dresses, ages 2 to 14 years. A very large share of them are in the 8 to 14 year sizes, well made and perfect fitting.

Being samples they naturally represent a wide variety of styles and materials, thus giving mothers an opportunity of selecting dresses for all of their girls without having any two alike.

We cannot too highly recommend this sale as it is one of great merit.

See display now in our window. Dresses on sale Saturday morning at 10 o'clock.

WOMEN'S DRESSES

in variety of styles

\$1 to \$1.25 values for **69c**

This lot also embraces a variety of styles, materials and trimmings made of gingham, percale, lawn and other materials.

They are this seasons styles and come in a variety of sizes. They are all in good condition having been used in show rooms for samples. This is just the season when dresses of this class are in demand and we expect to see them go out in a hurry.

We consider this nice saving in price on such desirable dresses will appeal to the women of this community and help to maintain the reputation this store has, of being the real bargain headquarters.

We Advise Buying Early While The Assortment Is Good

SOCIETY AND CLUBLAND

KATE SCHENCK
Phone—Office 42 Home 663

C. W. B. M. to Meet.

The C. W. B. M. will hold its March meeting at the home of Mrs. W. A. Miller on South Main street tomorrow afternoon.

Francis Garrett Moore.

Mr. and Mrs. F. B. Moore of South Market street announce the birth of their son March 1, to whom they have given the name of Francis Garrett.

Club Meeting Postponed.

The meeting of the Modern Drama department of the Twentieth Century club, which was to have been held tonight at the Elks club, because of inclement weather, has been postponed until Thursday night of next week.

Announce Birth of Daughter.

Mr. and Mrs. F. B. Monroe of Hopkins, announce the birth of their daughter Friday, February 26. Mrs. Monroe and the baby girl are at St. Francis hospital in this city.

Complimentary to Newly Weds.

Mr. and Mrs. Rufus Allen who live south of the city entertained guests Tuesday evening in compliment to Mrs. Allen's brother and his bride, Mr. and Mrs. O'Neil E. Estes of St. Joseph. Games and music furnished the pleasure of the evening and a delicious two course luncheon was served. The

hosts had the assistance of Mrs. F. C. Allen in entertaining their guests who were Mr. and Mrs. Estes, Mr. and Mrs. E. P. Powell and their guest, Mrs. Walter Gilliam of Salt Lake, Utah; Miss Frankie Masters, Miss Gene Powell, Miss Rose Meyers, Miss Agatha Henggeler, Miss Mary Henggeler, Everett Wray, A. B. Henggeler and Clyde Auten.

Society to Meet.

Mrs. Mary Landon will entertain the Woman's Missionary society of the First Baptist church tomorrow afternoon at her home on South Main street. Miss Emilie Tebow will have charge of the program.

Society Meet Postponed.

The meeting of the Woman's Foreign Missionary society of the First Methodist church, which was to have been held this afternoon at the home of Miss Nannie Moses, postponed until tomorrow afternoon, when it will meet at the same hour and place.

Aid Society to Meet.

The regular business meeting of the Ladies Aid Society of the Buchanan street Methodist church will be held at 2:30 o'clock tomorrow afternoon at the church. All members are requested to attend the meeting.

Junior Class Entertains.

The Junior class of the State Normal school entertained the members of the basket ball team and their coach at a supper and game party last night in the library of the Normal. The team is composed of Walter Hanson, coach, Fred Vandersloot, Howard Leech, Lee Scarlett, Ralph McClintock, Walter Scott, Orlo Quinn, Clayton Woodward

and Frank Ham. The entire party included about fifty.

Class Picnic.

The auditorium class of the First Christian church, and its teacher, the Rev. Robert Lyle Finch, and Mrs. Finch enjoyed an indoor picnic supper at 6:30 o'clock at the church last night. The Rev. Charles A. Finch of Kansas City, and Mr. Harry O. Fritz of Chicago, who are conducting the evangelistic services were honor guests of the members. About fifty were entertained.

Celebrates Birthday.

Virginia Bell Dean, the small daughter of Dr. and Mrs. Leslie Dean, celebrated her seventh birthday anniversary yesterday and in honor of the occasion entertained Mary Elizabeth Jones and Ralph Snodderly at a supper last night.

Dinner Party.

Mr. and Mrs. E. W. Willoughby of West Seventh street, gave a dinner party Sunday noon complimentary to Miss Alta Sharp of Whitesville, who returned Monday to her home after completing her work at the State Normal school. Plates were laid for Miss Sharp, Miss Lillie Hall, Miss Villa Waller, Miss Pearl Wilkerson, I. B. Williams and Mr. and Mrs. Willoughby and family.

Meeting Postponed.

The meeting of the Woman's Missionary society of the First Presbyterian church, which was to have been held this afternoon at the home of Mrs. Katherine Woods, 501 North Vine street, has been postponed on account of the bad weather. The meeting will be held Monday afternoon at 2:30 with Mrs. Woods when the program which was planned for today will be carried out.

Mrs. Nixon Hostess.

Mrs. I. W. Nixon entertained the I. X. L. club with a pleasant afternoon kensington and tea yesterday at her home on South Saunders street. A business session was held before the social time and Mrs. Edward Otis was received into membership, to take the place of Mrs. W. C. Smith who will soon move to Pickering was assisted by her daughter, Mrs. Lloyd Muir of Lenora, Kan., Mrs. J. G. Price and Mrs. T. K. Wray, all of whom were visitors at the meeting. The next meeting will be held March 31 at the home of Mrs. Robinson Craven on West Second street.

The use of Gold Dust is second nature in millions of homes

Gold Dust really works.

It does the work the fingers and wash cloths and mops and brushes cannot possibly do alone—and it does the work easily and quickly and thoroughly.

Millions of women know that Gold Dust does the hardest part of the work of washing dishes, scrubbing floors and cleaning woodwork.

But not all of these millions of women have yet realized all of the helpful uses of

GOLD DUST

Give Gold Dust your full confidence. It cleans and brightens everything.

The active principle of Gold Dust—the valuable antiseptic cleansing agent—is so remarkably thorough that you literally rinse away the dirt, grease and grime.

Gold Dust cleans metalwork, nickel, enameled ware, etc., without scratching or marring, and leaves a newness, brightness and sanitary cleanness.

"Let the GOLD DUST TWINS do your work"

Gold Dust is indispensable and inexpensive—

Fortified Tires Now in the Light

The supreme test of a tire is to hold top place—the place in the sun—and for years. Goodyear tires have done that. Long they have led, both in sales and prestige.

Men expect much of the top-place tire. They look for a super-tire in it. Any seeming fault, due to mishap or misuse, becomes a defect in this glare.

But Goodyear Fortified Tires, after years in this light, hold higher place than ever. Last year men bought 1,479,883 Goodyears of the pleasure-car type alone. That's about one tire for every car in use.

Who Is Wrong?

Is it the Goodyear user, whose choice is confirmed by some 400,000 others? Or is it the man who still assumes that another tire is better?

NO REASON FOR IT.

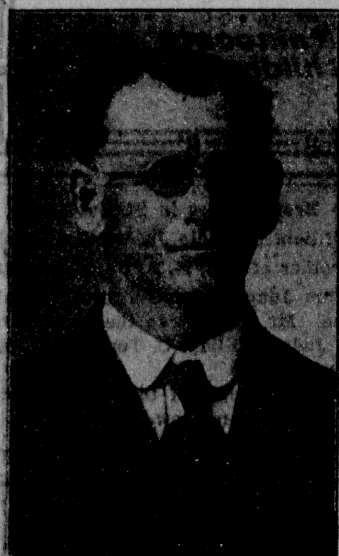

When Maryville Citizens Show a Way.

There can be no reason why any reader of this who suffers the tortures of an aching back, the annoyance of urinary disorders, the pains and dangers of kidney ills will fail to heed the words of a neighbor who has found relief. Read what a Maryville citizen says.

J. A. Murphy, 805 East Fourth street, Maryville, says: "I suffered considerably from bladder trouble and lumbago. I got up in the morning feeling so stiff and lame and with such a dull ache across my loins that I could hardly work. Whenever I caught cold my kidneys troubled me. The kidney secretions were dark and filled with sediment. Finally I used Doan's Kidney Pills and am now free from the trouble. I recommend Doan's Kidney Pills just as highly today as I did when I was cured. Occasionally I take Doan's Kidney Pills and they quickly relieve me."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Murphy had. Foster-Milburn Co., Props., Buffalo, N. Y.

REVIVAL INTERESTS CROWD

Nightly Services Well Attended—Evangelist Gives Second of a Sermon Series Tonight.

The revival services at the First Christian church continue to attract large crowds nightly. After the sermon tonight in which the Rev. Charles A. Finch will speak on the subject, "The Second Step Into the Kingdom," there will be baptismal service.

Last night the evangelist spoke from the topic, "The First Step Into the Kingdom," saying in part:

The Principle of Faith.
 "The principles of faith is used by everybody. We buy goods on faith and we sell on faith. It is because the merchant has faith that he gives credit. It is because we have faith in the goods that we buy. When we journey on the train it is through faith in the engineer. Marriage is based upon faith. Talk of a woman loving a man without faith in him, or a man loving a woman without faith in her. Children have faith in parents, parents in children. We have faith in our schools in our business, in our politics. Faith being the foundation of everything. We have faith in the government that it will redeem its money. It is not strange then that faith is the foundation of the Christian system.

Pleading to God.
 "The question arises, what is faith? And the answer is found in the scriptures 'Now faith is the substance of things hoped for, the evidence of things not seen.' I desire to build a house the best evidence that I can succeed is money or credit to purchase material and they are the evidence of things hoped for. Likewise faith stands under every achievement of the Christian life and is the evidence of the things

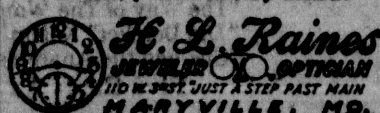

With Advancing Age

Comes the frequent need of consulting an Optician.

Most elderly people find their eyes changing from year to year.

This is natural, and calls for a more frequent change of lenses than is necessary in earlier years.

If you need Optical assistance at all, you need My Kind.

USE "TIZ" FOR SORE, TIRED, ACHING FEET.

"TIZ" Is Just Wonderful for Burning, Swollen, Sweaty, Calloused Feet and Corns.

Good-bye sore feet, burning feet, swollen feet, smelling feet, tired feet. Good-bye corns, callouses, bunions and raw spots. No more shoe tightness, no more limping with pain or drawing up your face in agony. "TIZ" is magical, acts right off. "TIZ" draws out all the poisonous exudations which puff up the feet—the only remedy that does. Use "TIZ" and wear smaller shoes. Ah! how comfortable your feet will feel. "TIZ" is a delight. "TIZ" is harmless.

Get a 25 cent box of "TIZ" now at any druggist or department store. Do not suffer. Have good feet, glad feet, feet that never swell, never hurt, never get tired. A year's foot comfort guaranteed or money refunded.

we hope for.

How Does Faith Come.

"Faith cometh by hearing, and hearing by the word of God. We receive faith in Christ in the same way that a man receives faith in business or in an individual. Certain things which he considers good evidence bring him to the conclusion that it is a good business venture or that the person is to be trusted. We receive faith in the same way that the jury receives faith in the innocence or guilt of the individual, by considering the evidence introduced and thereby rendering a verdict. Faith is not given in answer to prayer any more than muscle.

The Proof of Faith.

The scriptures are very clear that if a man has faith it will be seen by what he does. The woman who believed that Jesus could heal her pressed through the crowd and touched the hem of His garment, and was healed. The nobleman who believed Christ could cure his son journeyed to Cana and Christ responded to his faith by healing the boy. Noah is said to have built the ark by faith, that is he believed God's word and proved it by his obedience. A good definition of faith was given by a little girl who said, 'Faith is doing what God tells you without asking any questions.' "We may know that we have faith, therefore, if we are willing to obey God. If you have faith in the Son of God, you will obey Him.

LEVI ROSS, 69; DEAD.

Funeral Services to be Held at Baptist Church Tomorrow.

Levi Ross, aged 69, died at 7:30 o'clock last night at his home 592 South Newton street. The funeral services will be held at 10 o'clock tomorrow morning at the First Baptist church, conducted by the Rev. Lewis M. Hale, pastor. The body will be placed temporarily in the receiving vault at Miriam cemetery and later will be interred at Oak Hill.

Mr. Ross was born at Danville, Ill., November 6, 1846. He came to Nodaway county a number of years ago and made his home on a farm east of the city. Later he moved to Maryville and made his home with his son, Geo. Ross and family. His wife died twelve years ago and he is survived by six children.

They are: George Ross, Mrs. Chas. Sells, David, Charles, Willis and Reuben Ross, all living in Maryville.

HAD TO BORROW FUEL, ALLEGES.

Katheryn I. Miller Says Husband Neglected Her, Drank, Gambled and Threatened Life.

A suit for divorce on the grounds of neglect, indignities and abuse, was filed in the circuit court here late yesterday afternoon by Mrs. Katheryn I. Miller, Second and Buchanan streets, against John E. Miller, said to now live in Leavenworth county, Kansas. She says they were married in Andrew county September 1, 1907, and lived together until February 12, 1914.

She alleges in her petition that he

If you were furnishing your home would you simply tell your dealer you had six rooms and to send enough furniture to fill them

OR

Would you select each individual piece? When buying your clothing why not let us assist you in selecting the pattern and style that is best adapted to your requirements. They cost no more and serve better.

Roy W. Pettit
THE TOGGERY SHOP

made life unbearable in that he drank, gambled, abused her, threatened her life and failed and refused to properly provide for her and the two children. She further claims that often times she would have to borrow or buy fuel of neighbors in order to protect herself and children from the cold.

They have two children, James W. Miller, 6 years old, who is with the father in Kansas, and Leta K. Miller, 3 years old, who lives with the mother, here. Mrs. Miller asks for the custody of the younger child. She has been a resident of Maryville for the last year, living with her aunt, Mrs. Ella Shipp.

NORMAL BASEBALL TEAM 'MAKING UP'

CONFERENCE 9 STRENGTHENED BY "LONNIE" ADAMS, PITCHER

WILL BEGIN INDOOR TRAINING NEXT WEEK

Gymnasium Work Will Precede Out of Doors Practice—New Men Try Out—Old Ones Return.

The Maryville Normal base ball team this season will be the best in the state school's history—that is the indication at present at least, and no less a personage or an authority than Coach Walter Hanson, himself, says so. And what is more he has the material already in hand with which it appears he can back up such a statement.

For "Lonnie" Adams of Mount Moriah (it can not be found on the map) a brother to that famous diamond expert, "Babe" Adams of the Pittsburg National enrolled today for the spring term at the Normal school, and will be a pitcher in the Normal team. It might be well right here to give "Lonnie's" obituary and a little more for the benefit of the city's bugs.

"Lonnie" is a right hander, with a long steady swing, just like his brother of the first magnitude in baseball. He is 19 years old, and looks like a corner to Coach Hanson and other local experts.

His Brother Trained Him.

"Babe," as all fans know well enough has been playing with the Pittsburg Nationals, and is one of their front row attractions. It was no other than he that scored so over the Detroit team several years ago when it was trying to get the world's series honors. "Babe," you remember, just stood there in the box and held their high average batters down to the grit, and won three games for his team.

"Babe" is now in Dawson Springs, Texas, training with the Pittsburg delegation for the coming season. He it is who is putting his younger brother "Lonnie" through the state school here. It was he too, who put Maryville's catch through some mighty fine baseball practice and training in the pitching art. He has made of "Lonnie" a rival of his in the twirling game.

Play Indoor Ball Soon.

Coach Hanson announced this morning, that he will probably start the Normal athletes, in indoor baseball in the Normal gymnasium next week, to better prepare them for the time when they can get the out-of-doors practice. Regulation base ball will be played in the gymnasium of course with some modification, but it will not be the usual indoor baseball.

It is the belief of Coach Hanson that he can begin outdoor work about a month hence, so that when the intercollegiate conference season opens here, April 23, with the Missouri Wesleyan team opposing, all will be well.

Besides "Lonnie" Adams on the pitching staff, Coach Hanson also will have Frank Ham of last season. So that in the box at least, the Normal team will be in good condition, it appears.

Eugene Bird, now teaching the Unity school near Hopkins, will return to the Normal as soon as his school term ends in April and will resume his place on third base probably.

The Old Ones Return.

Marion Dyer, a first baseman, who now is teaching a school at Agency, likewise will be among those present when the school ends and the baseball fever is once more upon us.

E. R. Adams, who was chosen captain of the Normal team last spring, will report at the Normal at the close of his school in McFall.

But "Dirty" Miller of the Normal team, will be among the absent ones it seems. He is now out in Colorado and according to all reports will remain there.

Earl Brittain, the center fielder, is at the Normal this term and will take up his usual peg on the baseball diamond.

M. F. Wogan of Easton, is coming back, with a well developed physique, and prepared to either catch or pitch, Coach Hanson proclaims to the fans.

Some New Candidates.

Howard Leech, the basket ball artist will try-out this spring for a berth on the Normal baseball team, preferably

at short stop. And it looks as though he would make a good one for that difficult position.

Lee Scarlett, also a basket ball expert, who hails from Fairfax, but who has been here all season, likewise intends to try-out for a seat on the baseball wagon, preferably at first base.

Bragdon, who played on the Kirksville Normal team last season, intends to transfer his enrollment card to Maryville state school this season and will continue his antics on the base ball field. He has been here before.

Wiles, a Nodaway county product, also is going to try out for a place on the team. Several others are loitering around the sides of the baseball pool and may take a notion to join in the swim later.

So all in all, it looks mighty promising for a first place base ball team here this season.

CHRISTIAN RACE NEAR END

Men's Brotherhood Campaign For New Members Closes Tomorrow Noon.—Expect 200.

The membership campaign which was inaugurated by the Men's Brotherhood of the First Christian church recently, will close at noon tomorrow. It is believed about 200 new members will have been attained in this contest, several members having as high as twenty five to their individual credit.

The forty members of the brotherhood when the race began were divided equally into two teams, with Ellis G. Cook and G. B. Roseberry, captains. While each of the forty members are working individually for new members the totals of those in each of the two teams only will be considered to determine the winning side.

This will be done soon after the contest closes tomorrow by Fred P. Robinson, president of the brotherhood. The losing side must banquet the winners, losers and new members alike in the Christian endeavor rooms of the church, Friday night, March 26.

MORE SNOW STOPS TRAFFIC

Rural Carriers Find Country Roads Almost Impassable—Few Farmers Come to Town.

Traffic over the roads of Nodaway county, which has been reduced to a minimum for the last week or ten days on account of the muddy roads, was further retarded or almost stopped today, by the fall of a half-foot of snow last night and today. The snow is drifting badly in the roads, especially those extending north and south, and practically in the cuts or where a tall hedge lines the east sides.

Rural mail carriers out of the Maryville postoffice report the roads in an almost impassable condition on account of this drift. One carrier was compelled to abandon further progress and turn back after going three and one-half miles. Another was forced to return after going four miles over his route.

Few farmers are in the city today, and those that did venture in, live but a few miles away. They say the highways are in a worse condition now than they have been in for several years. The deep mud which has been so detrimental to traffic lately now has a strong ally in the drifted snow.

The wheat is looking fine however, or at least it was when last seen some time ago, the farmers report, so that cause for happiness and joyful anticipation is found in the country districts. But the inability of the rural folk to come to town is making traffic fairly dull in the merchandise establishments of Maryville.

KANE HEADS NEW M. U. CLUB.

Maryville State Student Is Elected President of Magazine Association.

Charles E. Kane of Maryville, a student of the University of Missouri, has been elected president of the newly formed University of Missouri Students Magazine Association there. It has as its object, the publication of a student magazine.

Minnesota Visitor Leaves.

Mrs. Arthur Moore of Worthington, Minn., who had been visiting in this city with her parents, Mr. and Mrs. W. G. Gross, left Tuesday for her home.

Pays \$7,500 For 100 Acres.

Albert Stoner has bought the 100-acre farm of Mrs. Mary Richey, southwest of Hopkins, for \$75 an acre, according to the Hopkins Journal.

OBSERVE HEN DAY

POULTRY FANCIERS TO MEET TO PLAN FOR NEXT YEAR.

MAY GIVE MORE PRIZES

Northwest Missouri Association to Gather in Court House to Elect Officers and Discuss Show.

"Hen Day," which has been designated throughout Missouri for observance next Saturday, will be well remembered in Maryville on that day, according to plans now being made by officers and directors of the Northwest Missouri Poultry Association. A call has been sent out to the more than half-hundred members within the county, to gather in annual session in the circuit court room of the court house here, at 2 o'clock Saturday afternoon.

At that meeting officers for the ensuing year will be elected, and plans discussed and probably some further action taken towards arranging for next fall's annual show of the association. Another discussion which will be brought up for consideration at that time, is in line with a suggestion made to all poultry associations in the state, by T. E. Quisenberry, director of the state poultry experiment station.

Would Bring Fanciers Together.

He has made plans, if finances can be procured, to hold five meetings with in the state sometime next spring or summer, to be attended by delegates from the various poultry associations. Plans for furthering the poultry industry in Missouri will be made at those sessions.

"If we are able to secure a liberal appropriation," says Mr. Quisenberry in a letter to local officers, "and the prospects are that we will, we want to do more for the poultry association of Missouri than we have ever done before. For that reason, we thought it advisable to call five meetings of representatives from poultry associations to meet with us and discuss points of interest and benefit to each show in the state.

"When the members of your association meet Saturday, we would like to have them elect representatives to these meetings. It might be well for the president and secretary to be sent or you may send as many representatives as you may choose. We hope to have the meeting well attended. The five meeting places will probably be Springfield, Kansas City, Kirksville, St. Louis and Sikeston.

"The representatives from your association could attend the meeting the closest to them.

To Discuss Show Betterment.

"The dates will be decided later, but will be soon after Missouri Hen Day. The object of the meeting is to discuss plans that will be of interest and benefit to your show and association. Most Missouri poultry associations have a hard time to get along. Some of the more important questions which will be discussed are as follows:

"Amount of special prizes that should be offered by the state at your show; how and on what varieties shall these be offered?; what can the state put on in the way of educational exhibits that would be of greatest benefit to your show and your community?; what can we do that would be of most benefit to you in the way of lectures or a poultry short course?; should special prizes for boys and girls exhibits be offered?; can we organize a boys and girls poultry club in connection with your association?

Discuss Federation.

"Shall we organize a federation of Missouri poultry shows?; what do we do about getting uniform coops for each show?; how can you improve the premium lists?; how can the show be superintended or handled to the best interest of all?; what new ideas can we incorporate into our present shows?; is it best to have score card or comparison shows?; what can you do to increase the attendance or can it be managed so you can throw open the doors to the public?; what can we do about conflicting dates in the same section of the state?

"How much effort should be given to a good exhibit of eggs?; how should the prizes be offered on same?; what shall we do to insure a good display of Missouri poultry at the Panama-Pacific exposition?; how can you increase the membership and interest in your own poultry association?; should you have monthly meetings and how should the programs be conducted?"

Mrs. Braniger Improving

The condition of Mrs. R. S. Braniger, who has been very ill for several days was greatly improved today.

WILL QUIZ TUTORS

FIRST EXAMINATION SINCE AUGUST TO BE MARCH 5 AND 6.

NORMAL PUPILS TO TRY

Many State School Students Will Take County Teachers' Test for Certificates for 1915-1916 Term.

The examination of public school teachers of Nodaway county at the court house tomorrow and Saturday, will be the first held since last August, and will be the last until next June, according to County School Superintendent Bert Cooper. It is believed about 100 teachers will take the two days' quizzes, to be given under the supervision of Superintendent Cooper.

Examinations on eight studies will be given the first day and ten the second day. Many students of the State Normal school here will probably take this examination, that they may be in readiness to take some school next term, as the June examination would be too late in some instances for them to receive grading and still secure a school.

Who Must Take Quizzes.

In a notice sent a few days ago to Superintendent Cooper, Howard A. Gass, state school superintendent, quotes the regulations as follows:

The state law requires that applicants for first and second grade teachers' certificates who were not teaching prior to January 1, 1912, shall present evidence in 1915 and 1916 of "having completed two years' work of a classified or accredited high school or its equivalent."

The county superintendent shall require that written statements of the work done be filed. He has power also to require an examination on subjects on which other satisfactory evidence is not presented. Each applicant who has had any high school training will secure from the principal or superintendent of his high school a statement of his high school work. Each approved unit certified from an approved school will be given full credit.

Give Normal Study Full Credit.

The amount of credit that can be given a unit of work from an unclassified high school will vary. Seldom, if ever, should such units be given full credit. The amount of credit should usually vary from one-half to three-fourths of a unit for each unapproved unit. A student who has spent one year in an unclassified high school should be given credit for about three-fourths of an approved year; the same ratio should be used for any number of years.

Work done in normal school should have full credit. Work done in accredited academies and other standard private schools of high rank should be given full credit. High school work done in a one-room rural school should receive little or no credit, except by examination.

Any applicant who makes a grade of 70 per cent on the state examination questions on subjects required for first and second grade certificates will be given credit for high school work as follows: Algebra, 2 units; literature, 2 units, physical geography, 1 unit; biology, 1 unit; physics, 1 unit; ancient history, 1 unit; modern and mediaeval history, 1 unit; English history, 1 unit. Additional credit will be allowed for other high school subjects.

SNOWS 3 FEET IN 29 DAYS

Today's Fall Makes Total of 37½ Inches Since Initial One Nov. 18.

The snow fall today is the twentieth since the initial snowy day of the season, November 18, 1914, according to a record kept by Cooper Gooden. This beats last season's record by several days. The winter season began late, however, this time, the records further show, as the first frost or freeze did not appear in Maryville until October 27.

The total fall so far this season, counting the fall last night and up to noon today at 5 inches, has been 37½ inches according to J. R. Brink, official government recorder.

The readings of temperature this morning showed a maximum temperature of 34 degrees yesterday and a minimum of 24 degrees last night.

Of the 37½ inch fall, 9½ inches fell in December, 16 inches in January, 7 inches in February and 5 inches so far in March.

DESTROY TURK BATTERIES

Allied Fleet Advances up Dardanelles—Village of Yenishar Is Burned. Special to Democrat-Forum.

London, March 4.—The Allied fleet has destroyed the Turkish batteries of Kild Bahr and Banakale and have arrived near Dardanelles, according to a dispatch received here from the Mytilene and Tenedos Islands by way of Athens.

The Turkish village of Yenishahr on the Gallipoli coast, Asia, is reported destroyed by fire, following the shelling of that town by the Allies.

RUSS REOCCUPIES STANISLAU.

Bucharest Correspondent Says Czar's Troops Force Tatars From Galician City.

Special to the Democrat-Forum. London, March 4.—The Russians have reoccupied Stanislaw in Galicia, after a stubborn fight with the German and Austrian forces, according to the Bucharest correspondent of the Morning Post.

DACIA CREW QUILTS BREST.

Captain of Captured Steamer From U. S. Awaits Prize Court Decision. Special to Democrat-Forum.

London, March 4.—The crew of the steamer, Dacia, from the United States, which recently was captured and taken in charge by the French, left Brest today for Harve. The captain will remain until the decision of the prize court is announced.

BERNHARDT'S CONDITION WORSE.

Noted Actress Is In Critical State Following Operation at Bordeaux. By American Press.

Bordeaux, France, March 4.—Madame Sarah Bernhardt's condition is considered critical, according to her physicians, following the amputation of her left leg a few days ago.

ASKS \$15,000 HEART BALM

Oscar E. Sallee, Elmo, Alienated Affections of Jud B. Wren's Wife, Is Charged.

Oscar E. Sallee of Elmo, and defendant in several state liquor and gaming charges last fall, is defendant in a \$15,000 damage suit, filed in circuit court this afternoon by Jud B. Wren of Paola, in which Sallee is charged with having alienated the affections of Wren's wife. Wren asks for \$10,000 actual damages and \$5,000 punitive damages.

Wren, according to petition, married Mrs. Ethel Wren, May, 1898 and continued to live with her until last December, when she is said to have deserted him. She is now residing in the county. Wren, while still retaining Elmo as his home, is employed at Paola.

It is said the alienation resulted when Mrs. Wren came to Elmo last fall to visit friends and relatives, leaving Wren in Kansas.

Sallee was charged by the state on various counts of delivering liquor to a minor, ordering and storing intoxicating liquors, gaming and keeping a gambling house.

HOLDS FUNERAL RITES.

Services for D. S. Holmes at Residence This Afternoon

The funeral services for D. S. Holmes who died Tuesday morning, were held at 1:30 o'clock this afternoon at the family home, 501 West Second street, conducted by the Rev. Gilbert S. Cox, pastor of the First Methodist church. On account of the bad weather, the services were held at the home instead of the church as was first announced. The interment was made in Oak Hill cemetery.

Mrs. Charles Lazenby, of Humeston, Ia., who had been visiting at the home of her brothers, Dr. L. E. Dean of this city, and Dr. Charles Dean of Burlington Junction, has returned to her home.

CLARY TO 'BOSS' LINCOLN WORK

FORMER OFFICIAL TO ENGINEER TOWNSHIP ROAD IMPROVEMENT.

PAY TENTH OF POLK EXTRA BOND ISSUE

Township Board Makes First Payment 10 \$500 Notes For Highway Betterment—State Aids.

John H. Clary, until March 1, county highway engineer the last two years, was appointed engineer of special road improvement in Lincoln township by the Lincoln township board. A salary of \$150 a month, Clary to pay own expenses is provided. The appointment is effective as soon as work can be begun, which probably will not be before April 1.

The appointment was announced to the county court in person this morning by Grant Elrod, trustee, T. R. Livengood and N. I. Staples, comprising the board of that township. The selection was thereupon approved by the county court.

This action was taken because of the special road improvement bond issue of \$25,000 which the citizens of that township voted for last November. The bonds were sold here recently by Fred P. Robinson to a Chicago firm, though the Gillam-Jackson Loan and Trust Company of this city.

Need \$75,000 Resident Says.

There is a great amount of improvement work needed in that township, according to Mr. Elrod and E. T. Bailey of Elmo, a member of the county court. "We have voted but \$25,000 for needed improvements which would cost about \$75,000," said Mr. Bailey. "There are many small bridges and culverts altogether out or in bad order, while several new ones are needed badly."

A law passed two years ago by the state legislature provides that the state shall duplicate any amount a township or county might expend on permanent road or bridge improvement, but so far, this provision has been only partially lived up to.

Last year, Nodaway county received a total of \$3,079.52, from the state, as a result of that law. Of that amount \$2,234.38 went to Union township which had voted special road bonds of \$25,000 \$53.14 for improvement work on the John Moss road in Jackson township and the remaining \$742.00 for distribution over the county.

Pays Off \$5,000 of Bonds.

About the same amount, probably slightly more, is expected from the state this year. It will probably go to Union and Polk townships and the county, these two townships having voted special road improvement bonds about a year ago.

Another act relative to road matters by the township board this morning, was in the payment of \$5,000 of the \$50,000 bond issue, which Polk township voted more than a year ago. This payment was on the first ten notes, of \$500 each, to come due. A similar amount will be due next year.

Virtually all of the Polk township issue has been expended, according to E. H. Balmum, trustee. Many new culverts and bridges were secured through it.

Treasury Fund Larger.

There was a balance of \$7,167,463.51 in the state treasury March 1. The balance February 1, was \$6,691,910.06.

THE WEATHER

Snow tonight and probably Friday. Not much change in temperature. Fresh to strong east to north winds.

NODAWAY CATTLE TO OREGON.

Western Stockman Buys Car of Short-horns—Choice Hereford Bull Included.

A car of thoroughbred Shorthorn cattle sold by Nodaway county breeders, was shipped from here yesterday afternoon by Frank Brown of Carlton, Ore., where he will unload them to stock his farm. He buys a load of eastern thoroughbreds each year. The stock was purchased from Bellows Brothers, Evans Brothers and Ogden & Son, Maryville and Barber & Son, Skidmore.

A choice Hereford bull, purchased from William Hutchison of Bolckow, was included in the shipment. It will be placed in the herd at the Oregon State Agricultural college.

VETERAN BUTLER EDITOR DEAD.

Was a Cousin of Mrs. Ed G. Orear of This City.

O. D. Austin of Butler, Mo., a cousin of Mrs. Ed G. Orear of this city, and probably the oldest editor in point of service in Missouri, died Tuesday at his home in Butler.

Mr. Austin was editor of the Bates County Record, published at Butler, and which he established in 1867. He was a native of Ohio and was clerk in the treasury department during the Civil war. He served as postmaster at Butler during the administrations of Hayes, Garfield and Harrison. Mr. Austin was present at the Ford theatre on the night Lincoln was shot.

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR

Try This! Hair Gets Thick, Glossy, Wavy and Beautiful at Once—Stops Falling Out.

Immediate.—Yes. Certain?—that's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use, when you see new hair—fine and downy at first—yes—but really new hair, growing all over the scalp. If you care for pretty, soft hair, and lots of it, surely get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and just try it.

SPECIAL SALE

Sample Wash Dresses On Sale Saturday, March 6th, 10 a. m.

The manufacturers season closes when the retailer's begin.

Our buyer on a recent trip to New York and Philadelphia visited a number of manufacturers of Ladies and Childrens Dresses and bought up their samples of this years new numbers. These are samples that were used in their show rooms and are all in first class condition and will be sold at about half their normal value.

MISSSES AND CHILDREN'S DRESSES

75c to \$1.25 values for 49c

This lot embraces a big variety of latest styles in Misses and Children wash dresses, ages 2 to 14 years. A very large share of them are in the 8 to 14 year sizes, well made and perfect fitting.

Being samples they naturally represent a wide variety of styles and materials, thus giving mothers an opportunity of selecting dresses for all of their girls without having any two alike.

We cannot too highly recommend this sale as it is one of great merit.

See display now in our window. Dresses on sale Saturday morning at 10 o'clock.

WOMEN'S DRESSES in variety of styles

\$1 to \$1.25 values for 69c

This lot also embraces a variety of styles, materials and trimmings made of gingham, percale, lawn and other materials.

They are this seasons styles and come in a variety of sizes. They are all in good condition having been used in show rooms for samples. This is just the season when dresses of this class are in demand and we expect to see them go out in a hurry.

We consider this nice saving in price on such desirable dresses will appeal to the women of this community and help to maintain the reputation this store has, of being the real bargain headquarters.

We Advise Buying Early While The Assortment Is Good

The use of Gold Dust is second nature in millions of homes

Gold Dust really works.

It does the work the fingers and wash cloths and mops and brushes cannot possibly do alone—and it does the work easily and quickly and thoroughly.

Millions of women know that Gold Dust does the hardest part of the work of washing dishes, scrubbing floors and cleaning woodwork.

But not all of these millions of women have yet realized all of the helpful uses of

GOLD DUST

Give Gold Dust your full confidence. It cleans and brightens everything.

The active principle of Gold Dust—the valuable antiseptic cleansing agent—is so remarkably thorough that you literally rinse away the dirt, grease and grime.

Gold Dust cleans metalwork, nickel, enameled ware, etc., without scratching or marring, and leaves a newness, brightness and sanitary cleanness.

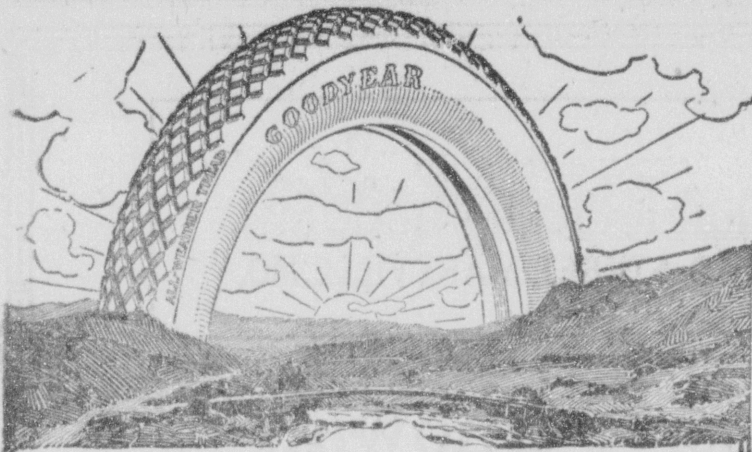

"Let the GOLD DUST TWINS do your work"

Gold Dust is indispensable and inexpensive—

Fortified Tires Now in the Light

The supreme test of a tire is to hold top place—the place in the sun—and for years. Goodyear tires have done that. Long they have led, both in sales and prestige.

Men expect much of the top-place tire. They look for a superior in it. Any seeming fault, due to mishap or misuse, becomes a defect in this glare.

But Goodyear Fortified Tires, after years in this light, hold higher place than ever. Last year men bought 1,479,883 Goodyears of the pleasure-car type alone. That's about one tire for every car in use.

Who Is Wrong?

Is it the Goodyear user, whose choice is confirmed by some 400,000 others? Or is it the man who still assumes that another tire is better?

Isn't best average service, as proved by Goodyear supremacy, the right way to judge a tire?

Lower Prices

On February 1 Goodyear made the third big price reduction in two years. The three total 45%. Yet the tires are constantly bettered. In five costly ways—each exclusive to Goodyear—our Fortified Tires excel any other tire built. And each is a great trouble-saver.

They mean most for your money, because of our matchless output. For your own sake, try them. The following Goodyear Service Stations will supply you:

NO REASON FOR IT.

When Maryville Citizens Show a Way. There can be no reason why any reader of this who suffers the tortures of an aching back, the annoyance of urinary disorders, the pains and dangers of kidney ills will fail to heed the words of a neighbor who has found relief. Read what a Maryville citizen says.

J. A. Murphy, 805 East Fourth street, Maryville, says: "I suffered considerably from bladder trouble and lumbago. I got up in the morning feeling so stiff and lame and with such a dull ache across my loins that I could hardly work. Whenever I caught cold my kidneys troubled me. The kidney secretions were dark and filled with sediment. Finally I used Doan's Kidney Pills and am now free from the trouble. I recommend Doan's Kidney Pills just as highly today as I did when I was cured. Occasionally I take Doan's Kidney Pills and they quickly relieve me."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Murphy had. Foster-Milburn Co., Drugs, Buffalo, N. Y.

USE "TIZ" FOR SORE, TIRED, ACHING FEET.

"TIZ" Is Just Wonderful for Burning, Swollen, Sweaty, Calloused Feet and Corns.

"TIZ" makes my feet smaller."

Good-bye sore feet, burning feet, swollen feet, smelling feet, tired feet.

Good-bye corns, callouses, bunions and raw spots. No more shoe tightness, no more limping with pain or drawing up your face in agony. "TIZ" is magical, acts right off. "TIZ" draws out all the poisonous exudations which puff up the feet—the only remedy that does. Use "TIZ" and wear smaller shoes. Ah! how comfortable your feet will feel. "TIZ" is a delight. "TIZ" is harmless.

Get a 25 cent box of "TIZ" now at any druggist or department store. Do not suffer. Have good feet, glad feet, feet that never swell, never hurt, never get tired. A year's foot comfort guaranteed or money refunded.

we hope for.

How Does Faith Come.

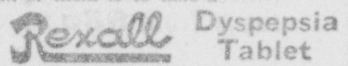

"Faith cometh by hearing, and hearing by the word of God. We receive faith in Christ in the same way that a man receives faith in business or in an individual. Certain things which he considers good evidence bring him to the conclusion that it is a good business venture or that the person is to be trusted. We receive faith in the same way that the jury receives faith in the innocence or guilt of the individual, by considering the evidence introduced and thereby rendering a verdict. Faith is not given in answer to prayer any more than music.

The Proof of Faith.

The scriptures are very clear that if a man has faith it will be seen by what he does. The woman who believed that Jesus could heal her pressed through the crowd and touched the hem of His garment, and was healed. The nobleman who believed Christ could cure his son journeyed to Cana and Christ responded to his faith by healing the boy. Noah is said to have built the ark by faith, that is he believed God's word and proved it by his obedience. A good definition of faith was given by a little girl who said, 'Faith is doing what God tells you without asking any questions.' 'We may know that we have faith, therefore, if we are willing to obey God if you have faith in the Son of God, you will obey Him.

LEVI ROSS, 69; DEAD.

Funeral Services to be Held at Baptist Church Tomorrow.

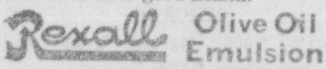

Levi Ross, aged 69, died at 7:30 o'clock last night at his home 502 South Newton street. The funeral services will be held at 10 o'clock tomorrow morning at the First Baptist church, conducted by the Rev. Lewis M. Hale, pastor. The body will be placed temporarily in the receiving vault at Miriam cemetery and later will be interred at Oak Hill.

Mr. Ross was born at Danville, Ill., November 6, 1846. He came to Nodaway county a number of years ago and made his home on a farm east of the city. Later he moved to Maryville and made his home with his son, Geo. Ross and family. His wife died twelve years ago and he is survived by six children.

They are: George Ross, Mrs. Chas. Seiler, David, Charles, Willis and Reuben Ross, all living in Maryville.

HAD TO BORROW FUEL, ALLEGES.

Kathryn I. Miller Says Husband Neglected Her, Drunk, Gambled and Threatened Life.

A suit for divorce on the grounds of neglect, indignities and abuse, was filed in the circuit court here late yesterday afternoon by Mrs. Kathryn I. Miller, Second and Buchanan streets, against John E. Miller, said to now live in Leavenworth county, Kansas. She says they were married in Andrew county September 1, 1907, and lived together until February 12, 1914. She alleges in her petition that he

If you were furnishing your home would you simply tell your dealer you had six rooms and to send enough furniture to fill them

made life unbearable in that he drank, gambled, abused her, threatened her life and failed and refused to properly provide for her and the two children. She further claims that often times she would have to borrow or buy fuel of neighbors in order to protect herself and children from the cold.

They have two children, James W. Miller, 6 years old, who is with the father in Kansas, and Leta K. Miller, 3 years old, who lives with the mother, here. Mrs. Miller asks for the custody of the younger child. She has been a resident of Maryville for the last year, living with her aunt, Mrs. Ella Shipp.

BEST LAXATIVE FOR BOWELS—"CASCARETS"

They Clean Liver; Sweeten Stomach; End Sick Headache, Bad Breath, Indigestion, Constipation. Get a 10-cent box.

Are you keeping your bowels, liver, and stomach clean, pure and fresh with Cascarets, or merely forcing a passageway every few days with salts, cathartic pills, castor oil or purgative waters?

Stop having a bowel wash-day. Let Cascarets thoroughly cleanse and regulate the stomach, remove the sour and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will make you feel great by morning. They work while you sleep—never gripe, sicken or cause any inconvenience, and cost only 10 cents a box from your druggist. Millions of men and women take a Cascaret now and then and never have headache, biliousness, coated tongue, indigestion, sour stomach or constipated bowels. Cascarets belong in every household. Children just love to take them.
